International Travel Involving Students - Interim

Overview

These procedures are designed to establish expectations for students engaged in University-related research, study, and other experiential learning outside the United States, and for faculty and staff leading students abroad.

These Procedures are applicable to the planning of and participation in all student international travel as defined in and covered by the University Policy on International Travel Involving Students.

The following requirements apply to all UVM faculty and staff taking students abroad:

- Register with the Department of State Smart Traveler Enrollment Program (STEP) (<https://step.state.gov/step/>), coordinated by OIE.
- Review with students U.S. Department of State (<http://www.state.gov/travel/>) information for destination country
- Review with students UVM's international travel risk partner any relevant risk and safety information on destination country, benefits, resources, and procedures. Information on UVM's international travel partner can be found [here](#).
